## Mission Statement

The mission of the McKinley County DWI Program is working to overcome the challenges associated with alcohol use disorder to create a safer community.

## LDWI Program Components

The local DWI Program allows for a multi-prolonged approach for reducing DWI & alcohol use disorder. We know that many things by themselves help (for example, treatment and enforcement) but, using multiple strategies to combat the problem has a much greater effect. As of 2020, there are 7 proven LDWI components. The McKinley County DWI Program is working on filling the needs and gaps of the community through these 7 proven components:

- Screening
- Prevention
- Coordination
- Treatment
- Alternative Sentencing
- Compliance Monitoring
- Law Enforcement.

## Prevention

The McKinley County DWI Program implements prevention activities using program staff, in partnership with other entities in the community. Prevention activities are evidence-based or promising practices.

### Curriculums:

Botvin Life Skills is validated substance use prevention program proven to reduce the risk of alcohol, tobacco, drug use, and violence. The comprehensive & exciting program provides adolescents & youth with the confidence & skills necessary to successfully handle challenging situations.

Boys Council is a model of structured, gender relevant support groups for boys, ages 9-18 years. Boys council aims to promote boys natural strengths & increase their options about being male in today's world.

Girls Circle is a model for girls, ages 9-18. It integrates relational theory, resiliency practices & skill training in a format designed to increase positive connection, personal strengths & competence in girls

## DWI Program Prevention Specialists

Conducts regular visits to schools & chapter houses within McKinley County to raise awareness & education to the community on alcohol use prevention & DWI. For more information on prevention services or to schedule a prevention presentation, you can contact our program prevention specialist:
